

At UCP of Central Florida, we are the experts for children with special needs. By providing the best support, education and therapy, we offer hope to everyone touched by a disability.

We serve children with all types of special needs, including cerebral palsy, Down syndrome, autism, speech delays, developmental delays, and vision and hearing impairments. Our unique programs provide an exceptional environment for children and families to learn, and more importantly, grow. This year, more than 2,300 children and their families will receive services at one of our six centers, in their homes or in the community.

KW Cares is a public charity that raises money through Keller Williams offices nationwide, in order to provide emergency financial assistance to any member of the KW family during times of extreme hardship. In addition, we raise money through KW Cares to benefit charities in the community where our associates live, work and play.
